

How does Integration of PrEP Affect Family Planning Service Delivery? An Exploratory Assessment in Kenya

This workbook is designed to help you identify and report on the resources used to: 1) Introduce PrEP into Family Planning Services, and 2) provide PrEP services to FP clients. The approach we will use to generate our cost estimates is known as Activity-Based Costing. Please complete the light orange cells on this sheet before proceeding to the "Scope" tab.

For detailed instructions, please see the document: "PrEP into FP Cost Estimation Template Instructions"
